

Saturday 22 June
12:00-13:00

Industry-sponsored satellite workshop

The role of C-type natriuretic peptide in bone development

A satellite workshop sponsored by BioMarin

EUROPA HALL

Chair:

Paul Arundel (Sheffield, UK)

CNP/NPR 2 signaling involvement in growth plate biology during endochondral bone growth and bone homeostasis

William Arnold Horton (Portland, USA)

Mutations in CNP/NPR 2 signaling pathway impacting normal bone growth

Christiaan de Bruin (Leiden, Netherlands)

The use of CNP/NPR 2 and FGFR3 pathways to treat skeletal dysplasia

Klaus Mohnike (Magdeburg, Germany)

Saturday 22 June
17:15-18:45

Industry-sponsored satellite symposium

X-linked Hypophosphataemia (XLH): Old world, new horizons

A satellite symposium organised by Kyowa Kirin

Europa Hall

Chair: Wolfgang Högler (Linz, Austria)

Management of XLH in the old world: advancing understanding from diagnosis to treatment

Agnès Linglart (Paris, France)

New expectations for managing XLH: from clinical development to real practice

Moira Cheung (London, UK) / Wolfgang Högler (Linz, Austria)

Future horizons for a new generation of children with XLH

Leanne Ward (Ottawa, Canada)

Sunday 23 June
17:00–18:30

Industry-sponsored satellite symposium

Experts' perspectives on the systemic assessment of patients with hypophosphatasia: when good might not be good enough

A satellite symposium organised by Alexion

Europa Hall

Introduction and moderator
Nick Bishop (Sheffield, UK)

Perspectives on the systemic assessment and management challenges in neonates
Raja Padidela (Manchester, UK)

A practical look at optimal assessment of children and adolescents: beyond bone
Eric Rush (Kansas City, USA)

Monday 24 June
17:30-19:00

Industry-sponsored satellite symposium

Emerging therapies in Fibrodysplasia Ossificans Progressiva (FOP)

A satellite symposium organised by Clementia

Europa Hall

Chair: Rolf Morhart (Garmisch-Partenkirchen, Germany)

Targeting BMP signalling in rare bone disorders
Maurizio Pacifici (Philadelphia, USA)

Update on clinical development programs in FOP
Richard Keen (Stanmore, UK)

International FOP management guidelines
Geneviève Baujat (Paris, France)
